Model 1709

Column Protectors

Affordable protection for warehouse and factory columns, posts and beams. Eagle's Column Protectors absorb impact from tow motors, minimizing column, fork truck, and personnel damage and injury. These blow-molded 100 percent high-density polyethylene protectors are resistant to most chemicals and feature key-lock to prevent slippage and assist with installation alignment. Available to fit 4 in. (10.2 cm.), 6 in. (15.2 cm.), 8 in. (20.3 cm.), 10 in. (25.4 cm.) and 12 in. (30.5 cm.) round or square supports.

Model 1702

Rack Guards

The Eagle Rack Guard is designed to help prevent rack and shelving damage from forklifts and pallet trucks. With a quick and easy snap on design, these models require no tools to install and can be stacked for a desired height to comply with the international standard of 16" (40.6 cm.). The Rack Guard's narrow profile minimizes interference with valuable storage space.

Model 1736

HDPE Smooth Bollard Post Sleeves

Eagle's Smooth Bollard Post Sleeves are available to fit over 4 in. (10.2 cm.), 6 in. (15.2 cm.) and 8 in. (20.3 cm.) pipe diameters and are available in red, yellow, blue and white (available in other colors for quantity orders). The smooth sleeves are 56 in. (142.2 cm.) in length and provide the same maintenance-free protection as the original bumper post sleeves. Sleeve height may be easily trimmed for an exact fit.

Model 1726

Wall Protectors

Eagle's Wall Protectors help prevent damage to walls in areas with forklift, hand truck or drum traffic. These guards are made of high-visibility yellow, high-density polyethylene; never need painting; and resist cracking and chipping. They can be mounted end to end, and feature unique energy absorbing construction.
